

Architect

Our Company:

Consolidated Construction Co., Inc. is an award winning design/build firm with over 50 years of experience in the industrial, commercial, food and dairy, retail, hospitality and health care markets. We pride ourselves in being the only design/builder in the state of Wisconsin with on-staff experts in the areas of economic development, design, construction, and service.

We are an Equal Opportunity Employer that offers a comprehensive benefit package including, but not limited to: Paid Time Off, Health and Dental Insurance, Health Savings Account, Short and Long Term Disability, and Life Insurance.

Job Purpose:

The architect's purpose is primarily to listen to our clients, then perform Project Design to meet the clients' inherent or communicated needs.

Duties:

- Accompany Business Development team on client meetings, using thoughtful communication to investigate and probe each client's needs.
- Produce preliminary designs and communicate thoughts and ideas to clients. Provide effective design solutions.
- Lead planning and design phase of project consistent with client's intended budget and project development schedule.
- Multi task and prioritize projects as needed. Delegate or outsource tasks when required.
- Maintain proper construction documents and meet quality control on assigned projects.
- Continually refresh and update job knowledge with continuing education. Stay abreast of the latest code changes and techniques, and communicate as needed to the team and clients.
- Ensure structural design requirements are met.
- Perform preliminary and final code reviews.
- Tour project sites during and after construction to ensure a smooth process and client satisfaction.

Skills/Qualifications:

- Registered Architect – State of Wisconsin licensure. Additional state licensures appreciated.
- Proficient in AutoCAD. Revit experience highly desired.
- Minimum 5 years experience working in a design/build environment.
- The desire to design for highest return on investment and cognizance of cost vs. value is required.
- LEED® accreditation a plus. (Verifiable progression toward accreditation will also be considered a plus.)
- Business computer skills, required to maintain written communication with clients and co-workers (MS Windows, MS Word & Excel, MS Outlook. Photoshop desired.)
